Judge Syd L. Carter returned from diahassee Tuesday, where he has som for the past two or three days.

In speaking of the action of the State and of Education in selling the tate's property at Lake City, Judge Jarter says that years ago a certain andidate for Congress in the First intrict was fond of telling a story hout a negro and a catfish, in which the property after a while. the fish "swunk" considerably in one night. Before the University was located at Sainesville, Lake City claimed the value of the State's holdings was two three hundred thousand dollars. Monday, when they were trying to buy is from the Educational Board, it was barely worth fifteen thousand! A very remarkable showing, to say the least of it. However, the latter value is probably nearer the mark.

Judge Carter stated that the Governor will probably today apply to the Supreme Court for an advisory opinion as to the constitutionality of the sehman bill, and that the Supreme the other in a very short time.
